96	My wife and I are in our early 60's, but we detest the fact that community improvements ALWAYS favor the older retired and THEIR interests. They have been very divisive to the community's politics for a long time. They have an "old boys club" mentality approach to what gets done in the village. They refuse to invest in anything that does not benefit THEM at THAT point in their life. We do little to promote self-sustaining hard working young families to move into our community. We don't want or need more subsidized housing for the "supposed poor".	2/8/2015 2:48 PM
97	Lack of standards for households to maintain an acceptable level of performance.	2/8/2015 1:20 PM

2015 Community Survey

98	More quality businesses in the area.	2/8/2015 11:12 AM
99	The inability of the Village to balance the needs of developed areas against those in more rural locations. What applies in town does not necessarily make any sense for those of us living on the outer limits of the Village. In addition, I feel that the Village Board has failed in situations where they could have supported their residents further on issues related to zoning. The Miracle Homes development debacle and the After Hours Gifts and Lingerie Store are two examples where residents made it clear they did not want these activities in their neighborhood. As a general rule, the Board has a duty to act on the requests of their constituency and at times I feel that they've been advised otherwise by the Village's legal counsel and planning. Preserving the rural roots of the Village is key to maintaining the very aspect that draws people to this community from more developed areas surrounding the immediate Milwaukee area. In addition, road surfaces in the rural parts of the Village have become incredibly deteriorated over the past 10 years and very little, if anything, has been done to remedy it in the NW corner of the Village.	2/8/2015 9:12 AM
100	Both of my children have graduated from Germantown High School 2006 and 2010. When my daughter was in High school Germantown had a pool. It not only served the High School, but the Community as well, now I am paying \$ 80.00 to the Tri County Y so I can swim when we could have a pool in Germantown. Some families cannot afford a Y membership or a membership to any exercise facility. I think all the children in Germantown should be taught swim lessons. I grew up in Franklin and they had a wonderful swimming pool at there Highschool. To make Germantown a well rounded community I feel we need a community pool and or a community gym. I feel my tax dollars would be well spent. Even though my children are grown other children should have the right to learn how to swim.	2/8/2015 6:04 AM

188	Development in the area is causing increased nuance issues. Noise, traffic, speeding, rudeness. I'm also concerned with how the police can keep up with changes in the community. When do we add officers if needed? I'm okay with commercial development but why all the industrial businesses? Is this what we are? Just a blue collar town with low wage warehouse and factory jobs? I see we are now on the Milwaukee County bus routes to bus is in workers. Next we'll be getting low cost apartments. This is not progress. When we moved to Germantown it carried a mid to upper middle class appeal. It still does to some extent but there are signs everywhere that this will change. Then there is the Wal-Mart that draws in crime and theft. Oh and the Milwaukee County bus route....so very short sighted.	1/30/2015 8:45 PM

Roads suck, development stinks, where is the Economic Dev. Committee that we established? We have over crowded schools, referendums NEVER pass as the village is littered with 60+ that don't see the value in growth....I could go on and on but surveys are a waste of time as the point of a survey is to take your top items and act on it...something this village will not do	1/30/2015 9:51 AM

Working there, meeting the people, and becoming involved in community events through the business inspired me to purchase my home in Germantown in 2014. Quality of life has somewhat improved because without Von Rothenburg Bier Stube and Old Town Inn, there would be no authentically German establishments to patronize and no Biergarten to enjoy in the summertime. 425	Germanic architecture Well planned business parks, convenient shopping and green spaces.	1/16/2015 8:29 PM
426	No pool at the high school. Our school is in terrible shape. We travel all over the state for sports and pretty much every school we visit has a beautiful school with pools, field houses, cafeterias like food courts school stores with merchandise on display, newer state of the art buildings, etc. Many of them pay way less taxes that we do too and have better facilities. The re-paving of the roads (ex. Division) is terrible. They used something like chip seal to pave the entire road. It is in worse condition than before repaving. There are roads that were in worse shape than the ones they re-did (ex. Donges Bay). The snow plower is tearing up our grass. Everyone has tried to line their yards with steaks to keep him off of our yards. They continue to plow when there isn't even anything left on the road to plow. This is a waste of taxpayer dollars. The mailman does not close the mailbox tightly so it opens and we have found our mail in the road soaking wet. We've talked to him multiple times asking him to make sure it's closed tightly and bit still never is. We find other people's mail in the street when we take walks.	1/16/2015 8:25 PM

434	A 10% loss in property value. Decline in quality of education as a trade off for insignificant property tax breaks. The community does not have a swimming pool or auditorium, rather relies on facilities in Menomonee Falls and has for over ten years. Road surfaces are awful. The community is politically overly conservative, and the party of "No" as ruled for the 38 years we've lived here, that its time we consider moving out, because that isn't going to change. We are a wealthy, we can afford to be better.	1/16/2015 5:22 PM

575	The people that live here.	1/14/2015 1:41 PM
576	Minimal support from current residents to maintain or enhances current community infrastructure such as schools, pool, parks or roads. Seems like more time is spent trying to get free handouts from government while our roads continue to deteriorate. Where is our long term plan on how we as a community will take responsibility to maintain and pay for existing infrastructure? Poor voter turnout for households with school age children. Increase in Senior/Empty Nesters on fixed incomes as well as increase in 55+ housing development. Lack of commercial businesses on Mequon Road. NO MORE BANKS or STRIP MALL CHURCHES Please!!! I have very little reason to stay in Germantown and spend money. My kids have no place to go and spend money unless I drive them outside of Germantown.	1/14/2015 1:28 PM
577	The addition of the splash pad was a huge positive. I have noticed a decline in that there is significant encroachment from less desirables adjacent communities.	1/14/2015 1:23 PM
578	Better access to stores, gas stations, restaurants. The people seem to get along better than some places.	1/14/2015 1:07 PM

582	More businesses and building of new houses and neighborhoods	1/14/2015 12:28 PM
583	Solid businesses moved in (e.g. La Chimenea, Sendik's), but there is no "sprawl" like on Bluemound Rd. It would ruin our area to have a million mini-malls with fly-by-night (aka empty) stores and zero countryside. County Line road is becoming dangerously close to that.	1/14/2015 11:47 AM
584	Lack of investment in the village. New elementary school was needed but not built. Didn't follow other cities in implementing a 4K kindergarten. We couldn't even repair a swimming pool the High School already had.	1/14/2015 11:45 AM

2015 Community Survey

585	I believe that the cause of the quality of life to decline is due to the failure by the Village Board to approve constant, well-planned proposals from the fire department to improve emergency and fire protection services in the Village. New families move into the community and assume that a Village of this size is protected by a fully staffed, full-time fire department and, unfortunately, they are sadly mistaken. Our fire protection and emergency services still operates through the antiquated, inadequate volunteer/paid on call system. Depending on when an emergency situation occurs, a resident may need to wait 15 - 20 minutes for an ambulance or fire truck to arrive, which I believe to be unacceptable. I would be happy to pay extra in taxes to have the peace of mind, knowing that my family and property are protected adequately.	1/14/2015 11:41 AM

592	Too much congestion and loss of identity as we progress towards being like every other outlying community, putting up box stores and convience stations, monster homes, all at the cost of losing one of the best ag land types in the NATION	1/14/2015 11:15 AM
593	Clean village, access to shopping and restaurants. I would score higher, however all of the elderly/assisted living facilities has reduced the over-all quality of life.	1/14/2015 10:59 AM

604	I think that the parks we have available are great and serve a great purpose. Dheinsville park is the perfect place for all the German themed Celebrations we have here in Germantown. I do not think we need to have an additional park on Main Street just to help someone's financial gain by supporting their bar/restaurant. I think one of the nice things about our parks in Germantown is that they are in nice residential neighborhoods, not in a largely commercial area.	1/14/2015 10:13 AM

610	Road conditions-poor. Roads are in great need of repair/have deteriorated. It seems as though the Village has significantly lowered the standard for road conditions. Holy Hill Road between Division Rd. and the museum is like a washboard with holes in it.	1/14/2015 9:37 AM

631	More shopping.	1/13/2015 4:06 PM
632	Lack of upkeep on Germantown roads. You can definitely tell when you enter Germantown because there are many areas that are given constant "BandAid" jobs but not redone to solve the problem for the longer term. (ie. Pilgrim Road between Mequon and Main, Wausaukee Road between Mequon and Friedstat, the sinking bridge on Pleasant View between Lovers Lane and Friedstat).	1/13/2015 1:49 PM

658	Growth of the overall community. Nice and updated parks, community activities, community involvement, great sports programs for kids, great schools with great teachers, involved PD and FD with the community (including events to get kids involved), summer festivals, and the overall togetherness of the people in the community. I was raised in Germantown, and am now raising my own children here. Wouldn't choose to raise a family anywhere else!	1/12/2015 2:34 PM

661	<p>Growth in Germantown has been fairly lopsided... There has been substantial industrial growth which has been great. It brings in jobs and a nice tax base into the Village. The residential growth boomed for a while but was heavily restricted to south of Friestadt Rd because of the lack of infrastructure to the north. All too often our Trustees referenced Germantown being a "rural" community, which blows my mind. I'm not sure what 3rd dimension they live in but that mindset has left Germantown in the predicament it is currently in. The Village saw substantial growth in the last 20 years but chose never to upgrade the actual infrastructure that is required with such growth. Look at our roads. We are still driving on roads that haven't been updated/upgraded to meet the current needs they serve. Prime example: the Donges Bay Rd fiasco! All the meetings listening to people talk about how it's a rural road and should remain that way... and then Board members listened to the whiners and didn't look at reality. Take a look at a satellite view of the area it serves, do a traffic study, listen to the people that deal with this as their profession; anything! You would see that this road serves a thoroughfare to one of the most populated areas of Germantown. How is that rural?? Is it rural because it was 30-40 years ago? Is it rural because there are run-down houses that look like they belong in Northern Wisconsin along that road? Or is it because the Village Board feels it's "too much money" to build the actual infrastructure that is required? I guess we will never know and just have to live with the short sided decision that was made. This example is seen throughout the decision making processes that restrict Germantown living up to its full potential. Coinciding with the general infrastructure conversation, there is the topic of Germantown's public services. Watch just a few meetings and you'll see Police, Fire and DPW talking (begging) about the need for additional staff or equipment. The Village chooses to ignore these topics until it comes to some sort of breaking point. I believe the Police department's staffing hasn't changed since the 90's, the Fire department has been begging for more staff as long as I can remember. Why has it gone on this long? What will it take to make the necessary improvements DPW obviously needs more people because they have stopped plowing roads. Sure, if you live on main road and it's Monday thru Friday during the normal workday your road will be plowed. If you live in a subdivision, it will be plowed after it's been driven on by 100 different cars and now is just hard packed snow. Either they need more people/equipment or I missed something in Clearing Roadways 101, you need to actually plow to remove the snow from the road prior to everyone driving on it for a day. Neighboring communities at least have figured that out...?</p> <p>Although the industrial growth has been consistent, there has been limited growth in commercial growth; i.e. restaurants, retail stores, etc... There has been moderate development in the County Line corridor but everyone thinks that is Menomonee Falls. Germantown has done nothing to claim that area as their own, to put itself on the map. There has been limited to no development deeper with the Village. There are a limited amount of establishments that draw people to Germantown. When one is born (Old Towne Inn/The Stube), Germantown does very little to keep it alive and well. Using the example of Old Towne Inn, how many meetings have taken place about a neighbor complaining of noise? What has been done to make the infrastructure more robust (parking)? What has been done to allow a place, social in nature, succeed when Village Ordinance doesn't allow consumers to be outside past 10pm? A perfect example of setting a place, in a commercially zoned area, up for failure. Help to make a place succeed and not to just pacify some people that don't like growth.</p>	1/12/2015 2:14 PM
662	additional businesses in the area	1/12/2015 1:51 PM

678	Convenient businesses on outskirts.	1/12/2015 10:14 AM
679	The Police & Fire Department ts	1/12/2015 10:07 AM
680	While the parks are very nice, we are lacking any outdoor pools for the kids in the summer. A pool would be a great thing for the community. Our roads are horrible. Donges Bay is a disaster. Too many senior citizen buildings and not enough for the kids.	1/12/2015 9:59 AM
681	There has been some good recent development and new businesses in Germantown. The residential offerings and construction are somewhat lacking. Overall, being a relatively new resident, I would say the quality of life is constantly improving thanks to decisions by the Village Board, Police Department, Library and Parks & Recs. The GPDs decision to employ Facebook to connect with the community was a fantastic one. I've never lived in a Village that was so proactive about improvement and interested in seeking feedback (like this survey) as Germantown.	1/12/2015 9:52 AM
682	The closing of the high school pool, the lack of community building activities, nothing for teenagers to do other than buy and use drugs.	1/12/2015 9:45 AM
683	New business coming in	1/12/2015 9:43 AM
684	St. Boniface school, commercial (stores, restaurants, etc.), Parks	1/12/2015 9:39 AM
685	Lack of a pool. Deterioration of roads. Poor winter upkeep. We used to have clear roads. Now they don't even salt the intersections near my house. The road is covered in caked snow all winter.	1/12/2015 9:38 AM
686	Great community support. One of the best police departments that keep the community informed. Awareness not only for adults but children as well.	1/12/2015 9:35 AM

#	Responses	Date
1	See above	2/19/2015 1:51 PM
2	Reduced number of churches, health spas. Greatly increase the size of the library and its program opportunities	2/19/2015 12:18 PM
3	Full time Fire Dept.	2/19/2015 12:00 PM
4	The Village has many handicapped and/or senior citizens. Changing the stop & go/walk signs at Squire & Mequon to the same lengthier walk signs at Mequon & Legend would help many walking to the Library, City Hall, Pick n Save, Farmers Market etc. Also, when the sidewalks along the main streets are plowed, the plow packs down the snow & the walks become very icy. Salting after plowing would be very helpful. It would also be very helpful if the walks were clear enough to push the walk button to cross the street.	2/19/2015 9:54 AM
5	Bring sewer and water to zone #1	2/19/2015 9:44 AM
6	We need a dog park so our other parks can go back to being People Parks!!! We need posted ordinances at every entry into the people parks and enforce the ordinance with high fines!	2/18/2015 2:59 PM
7	reduce sewer boundaries with MMSD; become independent, Increase lot sizes, no less than 1/2 acre in developments of subdivisions south of Friedstadt Road, decrease multifamily development, we have too much rental property and high density development, do not add any new heavy users of water - businesses must be low user for future of community	2/18/2015 11:50 AM
8	Aquatic center, community performing arts center, better restaurants (locally owned and operated not chains	2/16/2015 6:00 AM
9	Needs: Pool, PAC, field house and / or other indoor sports complex, unique family restaurants (Rainforest Cafe, Bubba Gump, or anything new to metro MKE), modernized schools, smooth streets, attractive village center with German architecture, occupied existing retail space, new unique shopping (such as IKEA, Container Store, Meijer, a sporting goods store, etc), medium rise office space, (take advantage of easy freeway access to expand upscale commercial tax base), single family home options connected to village amenities with boulevards and paved trails, flowers in the medians again...attractive and desirable developments. Capitalize on Cabella's...less common family friendly attractions in close proximity to each other.	2/15/2015 11:56 PM
10	Donges Bay Road between Pilgram and 145 be smooth	2/15/2015 9:48 PM

15	Too many TIFF districts, development of the old downtown into a destination area, sidewalks to schools (on all sides of the school)	2/15/2015 7:07 PM
16	stop the push for constant growth.	2/15/2015 6:17 PM
17	Unsure	2/15/2015 4:53 PM
18	Better roads and respect for property owners. Parks and Rec members ignore residents concerns for their own objectives and not willing to compromise.	2/15/2015 4:51 PM
19	More robust entertainment district.	2/15/2015 4:30 PM
20	improve education services- more services for gifted students	2/15/2015 4:07 PM
21	Overcrowding of schools More and better restaurants	2/15/2015 3:57 PM

2015 Community Survey

22	Better roads, more restaurants not just chains, a Meijer store to compete with Pick and Save, a Bed and Bath - have missed a good bed & bath store since Linens and Things moved out. Would like to see a good quality adults only condo development on the school land next to Kinderberg Park. The Village should be looking into a sustainable good quality water source not drilling more wells especially with the significant jump in industrial use and opening a new industrial park. Residential customers should not have to conserve because of the underestimating of industrial usage.	2/15/2015 3:05 PM
23	Not approving more multi-family development. Larger lots in subdivisions, no more urban development, no more TIF's ,no more extensions of sewer lines so we can stop being controlled by MMSD, properties having their own mound systems and water wells, and the elimination of the position of Administrator. Stop dogs owners from running all over the parks without being on a leash- enforce the law or go back to park rules that do not let them in park. Also do not like cleaning feces off of shoes!	2/15/2015 2:58 PM
24	More green space; less "development," either commercial or residential.	2/15/2015 2:55 PM
25	A public pool	2/15/2015 12:51 PM
26	I have a school age child and don't feel that the community (tax payers) support the schools too much. Yet they spent lots on that new senior center a few years ago. Also it seems like we aren't a great community for businesses, too many empty stores/restaurants (like the old Trysting Place/Sportzone restaurant).	2/15/2015 12:32 PM
27	No commissioner / oversight by police Chief to fire department you need an experienced official to over see on a daily basis both of them. Trustees should be accessible within 8 hours of contact. Have the library stop getting rid of so many books, keep all good books that is what they are there for. ?Better working relationship with the school system and joint land / Facilities use. Gyms for the public rec needs village hall board room or village court for school board meetings. Get an indoor pool, with 50 meter lanes a diving well and 1,3meter spring boards and a diving tower atg least 10 meters in height. Maybe even opposite the diving well a pool slide. Repair tennis courts on main street park and create a real skateboard park in the park north of Donges Bay east of Pilgrim. More outside training computer science and use , first aid , life saving etc by qualified people red cross for example. More nigh classes held in the village from MATC. Repair roadway western pilgrim squire dr, lovers lane are like wash boards. re-investigate a village golf course too.	2/15/2015 11:35 AM
28	A swimming pool/aquatic center!	2/15/2015 11:17 AM
29	no further expansion to the east of the industrial park (on Mequon Rd/Eisenhower Dr)	2/15/2015 11:15 AM
30	Lower water and sewer bill. street lights in every neighbor hood street. Snow plowing inside the neighbor hood street more efficiently.	2/15/2015 11:12 AM
31	1. Address the sound issue from the 41/45 highway. This would increase our quality of life from fair/average to excellent. It's a constant noise and can range from a soft noise (which is tolerable) to the more frequent very loud, uninterrupted noise that requires a fan in the house to try to at least muffle it. On those days, there is no relief from the noise when you're outside. And we don't even live right next to the interstate so I can't imagine how it is for those who do! This has made us reconsider living in Germantown. 2. A community pool would be a great addition to the village since there is not one in the near vicinity especially that would offer reduced pricing to residents.	2/15/2015 11:11 AM
32	- Maintain the roads in a timely fashion including potholes - Fix the stoplights to correspond with Traffic - Eliminate the thought of revitalizing Main Street. How many attempts have been made throughout the years and none have worked. Concentrate on Mequon Road. That is Germantown's Main street.	2/15/2015 10:25 AM
33	Condition of roads - Fondulac/Pilgrim Rds to Mequon. Timing of traffic lights @ Pilgrim and Mequon.	2/15/2015 10:13 AM

37	We need better recreational opportunities for kids - including a pool	2/14/2015 10:59 PM
38	Germantown needs an identity. This could be accomplished by making the downtown area a destination (think Cedarburg), or by having an annual tradition or festival of some sort (why don't we do anything for Maifest or Oktoberfest!?!). Something to draw people from other communities and show off our village.	2/14/2015 9:48 PM

51	Making Germantown more bicycle friendly, especially for kids. The wide shoulder along Donges Bay leading up to wind song needs to be wider and marked so kids are more easily visible and further from the road. Need to add more bike racks at local businesses (eg Walgreens doesn't have one but BMO does). Bicycle safety for all kids at school. This will also help adults to remember to look twice when driving.	2/14/2015 8:19 AM
52	The flower baskets on Main St were beautiful, continue with small town feel carried out on Mequon Rd/Pilgrim Rd with flowers, blvd plantings, etc. as I age I want to move into a ranch condo similar to lake park pricing, affordable.	2/14/2015 7:37 AM

55	We would work more on improving our schools. The current schools are physically falling apart, they are at capacity and don't offer K4. 61	Germantown has many new amenities, however we are lacking a pool and auditorium. I would like to see the village and school board work together, along with private funds to begin the preparation of a Community Center, including the items listed above	2/13/2015 4:32 PM
62	Community pool. Fewer apartments, unless there is school space for the kids. More sit-down restaurants on Mequon Rd (like on County Line).	2/13/2015 4:05 PM

83	More affordable land and housing for moderate income individuals and families	2/12/2015 9:42 AM
84	Fill the vacant storefronts on Mequon Rd with quality stores. Do more to keep places, like Cake n Bake, which people come from different areas to shop. Improve the roads. 91	WE BUILT OUR HOUSE IN the PRESERVE BECAUSE WE WERE TOLD THERE WOULD BE A SWIMMING POOL PUT IN KINDERBERG PARK...INSTEAD A 'SPRAY GROUND'? By the time that was put in my kids were too big to use it. We have spent our summers at Cederburg and Mequon (Thiensville) pool. We spent a lot of money in those communities, traveling and EVEN swimming lessons there since the pool at the High School was shut down! That's another BIG disappointment.	2/11/2015 11:51 PM
92	Weekly recycling pickup is strongly desired.	2/11/2015 11:20 PM
93	More local restaurants, coffee shops and business development on Main Street	2/11/2015 11:00 PM
94	Donges Bay Road - the condition is deplorable.	2/11/2015 8:15 PM
95	They need to repair and repave many of our roads!!!!!! Especially the roads and subdivisions near Donges Bay and Division Road	2/11/2015 8:09 PM
96	We would like to see bike and walking trails in town. The community needs an outdoor pool which is long overdue. The children in town need things to do that are healthy alternatives.	2/11/2015 8:02 PM
97	lower property taxes	2/11/2015 7:44 PM
98	Public access to the high school track for running.	2/11/2015 6:57 PM
99	#1: More mid- and higher-end restaurant options (i.e., sit-down for dinner, not fast-food). We would rather dine closer to home, but don't feel we have sufficient options. For mid-end, would like places such as Olive Garden, Carrabbas, Outback. Higher-end, a seafood or steak place... Other things: 2) Better hours, service, and accommodation of recycling yard waste (spring/summer/fall). Grumpy guy at the recycling center will close the gate several minutes early and is very rude. 3:30 on a Saturday is TOO EARLY when you have a full day's worth of yard work and only the weekend to do it. Having it open late on a weeknight isn't helpful for people who work M-F and have many after-work obligations. 3) Better street plowing (winter). It's really not very good... 4) Better water. Village water is pretty hard. 5) County line road by Zone 5 - new FedEx structure in Menomonee Falls... I have significant concerns about the potential for significant traffic and safety issues, as well as home values impacted negatively due to the aesthetics of the facility. (I know, probably not much GT can do about this.)	2/11/2015 6:39 PM

105	Germantown is a very poor community to get around in if you do not want to use a care. It is too much of Driving community. I cannot walk anywhere without walking on a dangerously busy street or intersection. Drivers do not watch for bicycles or pedestrians. There is no access from Germantown to the UWM campus using public transportation.	2/11/2015 5:17 PM
106	Add more restaurants/businesses and allow them to advertise better so that one knows where they are, without the height for sign restrictions,etc.	2/11/2015 5:13 PM
107	I wish Germantown would better support its own business community. New shops seem to have a hard time staying in open and I've heard they get tepid support from village hall.	2/11/2015 4:56 PM
108	more businesses and more restaurants besides fast food and bars. Fill up empty storefronts instead of building new strip malls. When we go out to dinner we have go to other towns instead of dining here.	2/11/2015 4:46 PM

Develope a location for outdoor entertainment that would attract festivals and music in the park programs with upgrades and or development to downtown Main Street which make it unique to Germantown such as a German Bakery, restaurants, and clothing stores that would bring in outside tourism dollars.	2/11/2015 10:22 AM

163	I think we should have a community pool	2/8/2015 3:09 PM
164	1. Community pool is needed. The Kinderbrook splash pool is not a pool. 2. Cut back on subsidized housing. They just bring a disproportionate share of resource-eating problems to our community. 3. Do more REAL permanent road improvements, not this junky cheap patch top coating.	2/8/2015 2:48 PM
165	smoother roads less potholes and cracks	2/8/2015 2:22 PM
166	Create rules for upkeep of home and yards such we get rid of an anything goes mentality.	2/8/2015 1:20 PM
167	More things for families to do. (Pool or water park) More promotion on village events. (By signage or mailers)	2/8/2015 11:12 AM
168	Repair of roads (repave, fix potholes)	2/8/2015 9:14 AM
169	Develop initiatives to preserve the rural/farmland nature and greenspaces that currently still exist in the Village. Encouraging conservation easements along major roadways will go a long way to keeping the Village beautiful and increase desirability which will ultimately increase tax revenues. Construct Village ordinances that take into account the fact that not all of the Village is a subdivision. The Village of Richfield sends out a quarterly publication informing residents of changes, developments, proposals and expenditures. It would be good to have a similar approach here in Germantown to keep everyone informed.	2/8/2015 9:12 AM
170	Community Pool	2/8/2015 6:04 AM
171	too many empty buildings exist after a business left (ie... the old Sportszone restaurant)	2/7/2015 5:45 PM
172	The inability of the village board to get anything accomplished (ie the park near Jerry's Old Town on Main St; full-time fire department; the roads)	2/7/2015 5:24 PM
173	adding an outdoor POOL	2/7/2015 3:12 PM
174	The roads need a lot of improvement. Too many potholes. The village boards should see community properties as an investment and not just take the cheapest route for a quick fix. I'd like to see the school district place more emphasis on academics than athletics. The school has many bright students and I believe their achievements are constantly overshadowed. I'd like to see the public safety committee be more inclusive of the needs and opinions of the police and fire department staff, instead of handing down decisions when the committee members do not serve on the departments and therefore do not see the needs. I'd like to see a public pool where kids could learn to swim.	2/7/2015 3:07 PM
175	more restaurants, bars, shopping options	2/7/2015 12:04 PM
176	We need a community center where the rec dept would be located, with an indoor and outdoor pool for year round swimming and swimming lessons. the building would have rooms that could be rented and where classes could be taught. this would open up some of the other spaces that are currently being used in the schools for other groups or activities. Since not having a pool for the last 10 years in Gtown...we go to signicast facility in Hartford. it is discouraging that gtown could not negotiate a resident price break for Gtown residents since we don't have any option locally for swim lessons. there facility is very nice, but could be expanded on in gtown	2/7/2015 10:55 AM
177	proper snow removal on roads garbage pickup improvement	2/7/2015 9:34 AM
178	more hiking / walking paths in a variety of landscapes	2/7/2015 8:38 AM
179	1) Improved consistency of sidewalks along streets like Donges Bay, Pilgrim Rds. 2) A theater for performing arts (this could be located in the HS or on the grounds). 3) A strong community and/or senior center.	2/7/2015 8:37 AM
180	The village board and school board need to work together more effectively as well as support each other. Together they should work towards building a performing arts facility that would be available to both school and village groups. There are too many unoccupied stores in the many strip malls in the village.	2/6/2015 11:32 PM
181	repair roads professionally, reduce unnecessary spending i.e. school sports	2/6/2015 9:18 PM
182	Improve the roads at a faster pace and freshen up the schools. We do not have kids but have been in the schools for various events.	2/6/2015 9:05 PM
183	Attract better quality businesses. Light manufacturing, retail stores and fast food restaurants only attract low wage jobs. The low wage jobs attract people that don't 'own' a piece of the community they work in. They don't care to make it a better place.	2/6/2015 3:43 PM
184	I have to travel to a fenced in dog park. I would add more hours to the recycling center. Full time staff for fire dept.	2/6/2015 3:42 PM
185	Maintain the well landscaped village it was like when I moved here. Look for growth opportunities in new restaurants (not fast food). More opportunities for recreation areas-pool, indoor walking area, things for senior citizens to enjoy.	2/6/2015 3:28 PM
186	There aren't many things in Germantown that bring the community together. I like that there are talks of making Main Street more of an attraction. I think the Beer Garden is a great idea that would give the process a nice start.	2/6/2015 1:41 PM

192	Hire quality D.P.W workers that take pride in their work prune the trees correctly, clean up all the grass clippings and not leave the piles of them on the walk path, and it would be great to have cycling lane	2/6/2015 9:31 AM
193	A dog park. So many residents have dogs. There are soccer fields at Homestead Hollow which I hike quite often and they are very seldom used. Nashotah Park has 2 fenced areas which would be a great model. The one thing about Germantown is that it is very slow to change.	2/6/2015 8:52 AM

206	Slow down on the growth. When I moved here in 1986 I moved from Milwaukee trying to leave the big city and all the problems that comes with that behind. Don't need that much growth in Germantown. No longer has that "living in the country feel to it"... and don't tell me about "how will pay the taxes".	2/5/2015 2:58 PM
207	A fire station on the south side of the village. Better snow removal and have the dept of Public works clear out fire hydrants. Elderly homeowners should not have to do it. With your equipment it can be done in a minute.	2/5/2015 1:34 PM

269	Give up on trying to make Main St. a focal point of the Village. The type of buildings and the mix of buildings is not worth dumping more money into that area. It may have been the village center long, long ago, but it isn't now.	2/3/2015 10:57 AM
270	I like the idea of the beer garden by the Bier Stube, it would be nice to have a central meeting place for the residents. I also like the idea of trying to bring a music event to Fireman's park.	2/2/2015 8:14 PM
271	There are limited restaurant choices on Mequon Rd area of Gtown. You have to go to County line to get a decent variety.	2/2/2015 5:02 PM

2015 Community Survey

278	<p>As Germantown thinks about new development, we should be thinking about creating new neighborhoods that extend from our existing neighborhoods. This means roads that connect not just to select homes but to the greater community and to existing or planned commercial areas; Large lot zoning is an inefficient use of land and it does not create a sense of community; conservation subdivisions may be appropriate in some areas, but over use of this tool will not create a cohesive community if we have scattered conservation subdivisions throughout the north half of the village, that is what Richfield is doing and it feels like a rat maze. Germantown's strength is that the south side is a cohesive suburban community, we need to expand this part of germantown north and actually create neighborhood plans, don't just let the develop happen, plan the roads before the development occurs and plan for new parks, sidewalks/trails so our community continues to provide amenities that will continue to attract people. Find ways to add more community amenities to enhance existing developed area like sidewalks and bike paths, bathrooms at all parks; create special public places; allow more commercial retail development. Consider incremental improvements to the sidewalk system. Make cross walks more pedestrian friendly with special markings and larger curb cuts, add sidewalks in areas that lead to parks or schools. I would like a government that thinks more progressively about land use and redevelopment. We should be thinking about the Mequon Road corridor, some areas are doing fine while other areas may need to be redeveloped and even include mixed uses, an example would be between western and squire. Another area that could use some help would be downtown/main street, we need to look at how we can encourage more development of that area that is sensitive to the historic character, let's prepare a plan that identifies redevelopment sites and even encourages some higher density housing in this area to support businesses. As Germantown matures as a suburban community, it will need to remain competitive with other suburban communities and provide a more diversified land use base. I am sure development of the Holy Hill corridor will happen, but let's come up with a plan to make sure it is a cohesive neighborhood and not just a spattering of development. Thank you for the opportunity to comment.</p>	2/2/2015 9:46 AM

286	<p>Priorities and leadership. Many decisions being made are not better for the community.</p>	2/1/2015 4:24 PM
287	<p>I would like it if they would have a kept up ice skating rink. We live right across from Kinderberg Park it would such a nice spot for one. Although they attempt to make one each year it is never either finished or maintained. The park has a nice sledding hill, splash pad for summer so why not skating. there is a nice facility to be used for skaters to change and warm up in. If you need it supervised have some of the high school kids volunteer, they are always in need of hours for school. Growing up I lived in Milwaukee and we had several area parks within walking that we could go to all winter. Its a great way to enjoy winter. My husband and I still skate, but have to go out of the area to find any skating that is suitable. We have started taking our grandchildren now also, they enjoy it as well. To bad we had to go Wauwatosa for a rink, when we all live here in Germantown. Another situation in Germantown that I find disturbing is the fact we do not have a full time fire department! I mean really, I know quite a few who serve various communities surrounding who do. I also am very,very familiar with the GT volunteer situation. Those volunteers put in time away from their families many, many hours, and days. For each home owner to pay more in taxes for REAL fulltime dept would be worth it. A few years ago everyone was trying to get an outdoor pool built and were willing to kick in extra money but for a matter of life and death or your house somewhat damaged or a total loss its a no brainer. I don't think the community is even aware of Fire Dept. situation. They are purposely being kept in the dark. I think if the community was made to realize the time difference of a volunteer getting to your house verses a staffed Fire Dept they would not mind an increase in taxes. I am not saying by any means that our volunteer fire fighters don't do a good job, they do an excellent job and I know personally that some put in as much time volunteering as they do a full time job. Would you rather have rescue call be to your house in 15 min or 5?? I under the impression a new fire chief was going to make things better here, check again???</p>	2/1/2015 2:33 PM

2015 Community Survey

290	Complete streets/multipurpose pathways through-out - change zoning so they must be put in with any new building; paid fire department; swimming pool in the community so children can learn to swim and others may use it for recreation and exercise; would love to have old Main Street developed into mixed use development (not necessarily bars and entertainment); will need to build a new school sooner or later	2/1/2015 1:05 PM
291	road improvements	2/1/2015 12:46 PM
292	I would like to see the village and the schools work better together. A community pool could be something that the village and school board work together on. Also snow removal and lawn cutting. There is no reason that the schools should pay for these services when the village has the equipment and personal to take care of it.	2/1/2015 11:14 AM
293	lower property tax	2/1/2015 11:02 AM
294	Better road conditions, (Donges Bay) Having better snow removal, salting, etc	2/1/2015 9:23 AM
295	build a community swimming pool	1/31/2015 9:01 PM
296	Regulations on where you may park a vehicle on your property. Too many cars, boats and other vehicles are parked on lawns instead of driveways . No enforcement of these violations is noted. Makes the neighborhood look bad.	1/31/2015 2:23 PM
297	Repair the roads. Many are in significant disrepair.	1/31/2015 12:13 PM
298	Nothing comes to mind right now.	1/31/2015 11:00 AM
299	Create a better Main Street development plan that incorporates restaurants, public open spaces, and opportunities for various forms of entertainment. The village needs to become more bicycle friendly and pedestrian friendly.	1/31/2015 9:10 AM
300	No community gathering center. No youth center--nothing for youth to do/go.	1/31/2015 6:47 AM
301	More upscale retail and dining (non-franchise/chains)	1/31/2015 6:43 AM
302	?	1/30/2015 9:43 PM
303	Village board to be more pro rights of homeowners and less pro business. The entrance to the baseball diamonds at Fireman park has cars pulling in right where people are sitting. Very unsafe. It would be really nice to have some indoor rec areas in the winter. Maybe let kids use the gyms on Saturdays? Keep fixing these roads. When planning developments consider how traffic flow changes and how it impacts residential neighborhoods. Over and over our quiet neighborhoods become cut through streets and speed ways. This survey is a good start in finding ways to keeping Germantown a nice place to live.	1/30/2015 8:45 PM
304	I would synchronize the walk lights so that a person could safely walk and cross Mequon Rd. That would mean installing push buttons where there are none. It would also mean a human being actually trying to cross the road and guess how many seconds it might take the average person to cross. IF I do get a walk light, it is changed to don't walk before I get half way across (BTW I am a fairly brisk walker.	1/30/2015 8:14 PM
305	More attention to the far southwest "zone". We are always last with tree trimmings being picked up. It feels like we are last to have the snow plow go through our area.	1/30/2015 6:53 PM
306	Stop building multi family housing! The population has gotten too big, too fast. Road conditions are terrible, too. Please fix them! Lower taxes would be nice. I have people's jaw drop when I tell them how much we pay in Germantown.	1/30/2015 3:21 PM
307	More recreation sports for adults	1/30/2015 2:20 PM
308	better development of main st. as a destination	1/30/2015 12:41 PM

310	- Need a public swimming pool. - Need a dog park. - Need more restaurants.	1/30/2015 11:26 AM
311	I wish that our main street had more small businesses.	1/30/2015 10:28 AM
312	Special pickups for large trash items.	1/30/2015 10:03 AM
313	Restructure the Village board.....no need for 2 members per district...reduce to 1 and make the balance open to anyone that wants to run	1/30/2015 9:51 AM
314	Better Roads!	1/30/2015 9:11 AM
315	The roads need repair. We need more police surveillance on Main Street to decrease drunk drivers.	1/30/2015 8:59 AM
316	Restrictions on development and architecture are detrimental to existing property owners and to new development.	1/30/2015 7:59 AM
317	Loss of agricultural, forested, and open land in favor of development. This is a policy that enriches only a few--usually entities who do not live here--at the expense of the quality of life for humans and the ecosystem.	1/30/2015 7:51 AM

2015 Community Survey

318	Change the retail building restrictions that require "Bavarian" architecture. Dumb. Just dumb. Also Donges Bay Road. Fix it.	1/29/2015 9:47 PM

321	Roads	1/29/2015 2:13 PM
322	There seems to be an increasing trend on the Village Board away from being fiscally conservative like the constituency of Germantown and Washington County.	1/29/2015 12:47 PM
323	better restaurants	1/29/2015 12:27 PM
324	attract restaurants	1/29/2015 12:26 PM
325	Put in a community pool (like in Cedarburg or Tosa) Improve/ Renovate Main St- more shops/restaurants Build a modern/ updated Field House at the High School Put in basketball courts at Kinderberg Park	1/29/2015 10:55 AM
326	stronger focus on road upkeep.	1/29/2015 10:47 AM
327	The Village should pay for the upkeep of the pond at the corner of 145 and hwy. Q. Seeing as the water entering the pond comes from way up hwy. Q and other subdivision s.	1/29/2015 10:44 AM
328	There is no feel of a city (village) center. I dont feel there is a downtown that one could go and spend the day, with activities, retail, dining that would be a destination. There is a downtown, but not one that i would consider destination worthy.	1/29/2015 10:32 AM
329	Allow for reasonable growth along Main Street	1/29/2015 8:38 AM
330	Roads in subdivisions are horrible. Local people do not seem to know that businesses exist. I have been part of two different businesses and at both people come in weekly and ask "how long have you been here?" There needs to be a way for businesses to promote themselves in Germantown other than the local newspapers and coupon books that a majority of people discard without even opening. Signage works, to a point however it still is not enough.	1/28/2015 11:50 PM
331	It would be wonderful to have a community pool. There are a growing number of families in Germantown, and it would be great to have a public pool available. A weekly recycling pick-up would also be great.	1/28/2015 9:22 PM
332	Change one of the parks to a dog park, having a fenced in area where dogs can run and play with other dogs. Huge pot hole by Speedway, getting bigger all the time. What's the delay why it hasn't been patched?	1/28/2015 6:23 PM
333	I feel that the decline of small businesses along Mequon road has a great deal to do with sign restrictions. Our goal should encourage new growth through successful small businesses in our small town.	1/28/2015 4:49 PM
334	Some village officials decisions need to be be monitored by the village board.	1/28/2015 2:22 PM
335	snow removal on Catskill Lane sucks!	1/28/2015 2:16 PM
336	The library should offer more activities for the children in the community. More quality sit down restaraunts. Village should pick up leaves in the fall several times. Need more bike paths to connect through the entire village	1/28/2015 2:06 PM
337	Donges Bay Rd east of Pilgrim all the way to Wausaukee Rd is and has been is horrible shape since I've moved here in 2009. I would also suggest putting a round-a-bout on Mequon Rd and Fond Du Lac Ave. I would also like to see more restaurant options on Mequon Rd. The restaurant/bar scene on Main st is just not cutting it. Mequon Rd needs a Chancery-ish type restaurant for families to go to. I would add a swimming pool somewhere for summer access. The Parking Lots in Pick N Save is dangerous.	1/28/2015 1:37 PM
338	1/2 day kindergarten add community pool improve children's programming at the library	1/28/2015 11:51 AM
339	Fix the streets on Santa Fe, etc. All the little pieces end up tracked in my house and have wrecked my flooring/carpeting. Do some landscape maintenance in Spassland park. Try to keep small businesses.	1/28/2015 10:21 AM
340	Do something with the pool in the school in the future. More police in the future to keep area sound	1/28/2015 9:47 AM
341	I think we should have a community center that could put on performances or guest musicians or other performers. Hartford has a nice one, and even Cedarburg has a downtown Cultural center. I do think the highschool should have a swimming pool. Our students are having to train at other locations aren't they? Not to mention community use of the pool.	1/28/2015 9:44 AM
342	Moved to the village in October, can not speak to this question yet, which is good, I guess-nothing has jumped out as a problem. One suggestion, although it doesn't affect the quality, is to have recycling pick up-with the amount of trash that is recycled-bi-weekly is not often enough.	1/28/2015 9:31 AM

449	The bicycle path on Division going south to hwy Q should be completed. Very dangerous for those of us that go to the path in Meno Falls that goes over hwy 41 by Steinhaefels and continues West to Lannon. Have pickup for yard waste effectively communicated to us. And should be end of October. The guy at the recycle gate should smile. The door on the municipal building on the side of Sendiks should be painted. Huge issues eh...? I moved here from Menomonee Falls and I love living here.	1/22/2015 9:32 PM
450	Allowing people more freedom to use their property as they see fit. For example, allowing people to have chickens without the \$1000 petition, or allowing them to have goats, llamas, sheep, or other livestock (if they have sufficient land) instead of only horses. Also, discouraging precious farmland to be used up for suburban sprawl. We are an agricultural community, and need to support farms and help prevent the loss of farmland. Also, the public schools, especially the high school, should allow children in the community attending homeschool or a private parochial school to still take advantage of the extracurricular activities at the school, in particular the robotics program.	1/22/2015 9:25 PM

452	More park and rec activities, is sports, classes for 6th to 8th graders. They are too young to work, but too ok for most of the Park and Rec activities. This is a critics age to guiding our children on the right path. Boredom leads to internet and gaming abuse, overindulgences. As the parent of 4 boys ages 15, 14, 8 and 5, this has become a big issue.	1/22/2015 8:55 PM
453	community pool Dog park	1/22/2015 8:26 PM
454	I would change the limit of pets allowed, there are so many homeless pets in need of a home that is no fault of their own, the village could make money off licensing fees and kennel permits and save lives, they could also fine people who are irresponsible pet owners. they could say 3 warnings, then you would have to give up your pets. I feel the majority of pet owners truly love their animals and would care for them properly. it,s just like people with kids, the majority of us love and take care of our children properly, but their are some who don,t and end up losing their kids to social services. so why should the responsible caring pet owners be punished because there are a few bad apples? many innocent animals lives could be saved and in the process the village could make money, only the bad apples should be punished, not all of us.	1/22/2015 8:21 PM

456	#1 - Swimming Pool!!! Hard to believe a community this size with a Div. 1 high school does not have one. Would be great if it were at the high school for the swim team there, but also available for community swim lessons and open swim for exercise at other times. #2 - Improve paved running/bike paths, especially along Donges Bay Rd - need separation from road as much as possible - the sections that are on the shoulder of the road are scary to run along and bike with kids on given that cars travel 45mph+ on that road. #3 - Updated school buildings #4 - Add a performing arts center at the high school and an orchestra program starting in 6th grade. #5 - More bike trails (preferably paved, connected to other communities bike trails) #6 - More soccer fields (GSC program is growing and running out of space!). Also, rather than having lacrosse programs use the soccer fields that are needed in the spring at Kinderberg, have them share the football fields at Friedenfeld that are only used in the fall for football. #7 - Better salting of intersections near County Line school. #8 - Community center with activities for teens #9 - Fix the low spot just east of the skateboard park in Haupt Strauss park that floods every spring and makes the soccer field there unusable for several weeks. #10 - Less fast food restaurants! #11 - Swimming Pool! - Ok, just had to say it again. :-)	1/22/2015 7:50 PM
457	-add more bars (nice ones like the Beer Stube - Bubs, -lvee's, Barley, and Sheer are disgusting and run down) -more places to dine out (quality places..like Jerry's) -roads are not taken care of (Holy Hill, Fond du Lac, Rockfield to name a FEW are nightmares to drive down and get poorly patched) a lot of people drive the back roads and they are neglected -salt and snow removal could be of better quality -ride share coming to Germantown is an AWFUL idea (what's wrong w/ the park n ride...if I wanted to see a bus stop for the public I would move to Milwaukee) and Wal-Mart brings in enough trouble -get rid of Wal-Mart, it is a dump and brings in the wrong type of customer	1/22/2015 7:46 PM

Now, as much as we'd love to, we know it isn't possible or fair to stop other people from eating what they want when they are outdoors. But, it would be great if people could stop leaving their food leftovers scattered all over the ground. Apart from them causing possible harm to people who are allergic, it is also littering and makes our village look dirty.	1/21/2015 6:57 PM

500	Not much to offer as we must leave our area to go entertainment,dinning,music, and theaters such as the Schauer center in Hartford. Next you make hard for access to local business in the way you make your streets un- freindly in and out. We are retired and pay a lot of property taxes for a lot of horiable road conditions that need repair. I hope that you can see to it to approve the Beer Garden that Old town wants to put in back of their resturant, not just for drinking but summer time enterainment. Now that you approved the construction of apartment or condo on 145 just North of Donges Bay road, looks like more than 20 units , where will all these new kids go to school. You always let JBJ do wants and pack then so he gets the most for his buck. And leave us to pay. Again there will be problems with all these cars getting out onto 145, but money talks. Also you let JBJ put up the assisted living home on his land the was declared lowlands a good number of years ago, and like magic now is ok. We built a home and live in a subdivision that was developed by JBJ which at the time he had a lot building codes which were good, but when 90 % of the lot were sold the codes were turned over to GT. This was bad as my neighbor could park his 38 foot long camper and his truck in his driveway which took up the entire driveway from the garage to the street, this ok, but you won't let a business have a good size sign out front of his business.	1/21/2015 9:58 AM
501	The roads in our area are very bad.	1/21/2015 6:21 AM
502	Better Restaurants to go to to keep the business in GT. Italian, Steak etc. There are to many of that serve the same type of food, pizza, burgers, Mexican.	1/21/2015 5:09 AM
503	Better library hours-Friday >5, Sunday. Fill vacant restaurants (Sport Zone). Fix the potholes in the roads. Have trash crew not leave our full can sitting so I have to keep it another week. Allow rummage sale signs for 24 hours. Keep splash pad open longer periods in the year if it is hot (thanks Justin). Remove the giant dangerous slide at county line school. My son and I were both injured on it. Add a fire truck to the field trip at the highway garage. More park and rec options for preschoolers. I could go on and on but it's late	1/21/2015 12:31 AM
504	Less crime, due something about traffic on county line rd to many accidents near the hwy	1/20/2015 10:48 PM

506	I would love to have a public swimming pool in Germantown! Most swimming pools are approximately 30 minutes away unless you go to the Y in Menomonee Falls.	1/20/2015 10:06 PM
507	Preserve the family feel of our community. Create and support family oriented businesses and activities. Please do not take our quiet neighborhood along the downtown area and make it into a loud drinking destination by approving an oversized beer garden. It's not the place for it. We put up with the loud music and noise as it is now, allowing them to get bigger will not attract families but more alcohol and drunk driving to our streets where we ride bikes with our children.	1/20/2015 9:36 PM
508	More community involvement in youth activities/education. Also, so over the half timbering look.	1/20/2015 9:02 PM
509	Get a public pool	1/20/2015 8:18 PM
510	School district needs a PROPER AUDITORIUM. One that teaches our children respect & decorum, and, as in Cedarburg, becomes a self-sustaining entertainment venue for the public. And give us back an indoor swimming pool, available for public use.	1/20/2015 8:17 PM

519	Wasteful spending like installation of the decorative street lamps along Mequon Road and an inground sprinkler system at the village hall.	1/20/2015 1:27 PM
520	better job of plowing snow in the neighborhoods. need an aquatic center with swimming pool.	1/20/2015 12:59 PM
521	We would love to see an aquatic center come to Germantown. It would be optimal if this included both an indoor and outdoor pool area. We would like to see a public 4K program in public schools as well.	1/20/2015 12:39 PM

523	improve Donges Bay Rd	1/20/2015 12:21 PM
524	Police seem overbearing especially to teens/youth There is no Public Pool in Germantown Thank you for holding down taxes! The top priority for Germantown, though is fiber-optic Internet access for all residents via a public utility service model. This would spur growth tremendously	1/20/2015 12:15 PM
525	more efficient snow plowing	1/20/2015 10:31 AM
526	No more extension of sanitary sewer and water mains.	1/20/2015 9:28 AM
527	More affordable townhomes to rent from, lower engery costs, lower water bill costs, more activities to do in germtown in the summer so I don't always have to go to downtown Milwaukee	1/20/2015 8:25 AM
528	Easier access to agendas from e-mails. I would lile to open the e-mail and the agenda would be there,, not having to search the site.	1/20/2015 8:07 AM
529	We need a community/school use pool and a performing arts center to be on par with surrounding communities.	1/20/2015 7:51 AM
530	My biggest peeves are traffic related. Many street lights are poorly timed and encourage people to speed as to not get stopped at EVERY light in town...and many stop signs are completely ignored and rarely monitored.	1/20/2015 7:18 AM
531	Pilgrim road is terrible! It NEEDS too be redone from Mequon to the entrance to MacArthur school!!	1/19/2015 11:56 PM
532	More for young teens to do... Lacking of activities locally / a swimming pool would be awesome! An archery building would be appreciated / outdoor ice skating pond w rentals - more Weekend community projects that young adults can volunteer at- but a public swimming pool either located at the High school or at a seperate building would be a positive addition!	1/19/2015 11:54 PM
533	Need a municipal pool or swimming beach/manmade lake like Lannon Quarry or Fox Brook Park in Brookfield with beach, rec center, playground, picnic tables, swimming lessons, fishing, hiking	1/19/2015 11:37 PM

548	Revitalize downtown, give it a face lift. I'm think cedarburg but with a German twist	1/19/2015 7:48 PM
549	The lack of a community pool. Plus the lack of community events.	1/19/2015 7:46 PM
550	Fix the roads. Do something with Main Street. Better offering of restaurants.	1/19/2015 7:18 PM
551	We need to have a pool or beach area.	1/19/2015 7:11 PM
552	Improving the development plan along Mequon and balancing appearance (landscaping, etc.) with retail needs.	1/19/2015 6:48 PM
553	Give Bubs Irish pub a place to have a smoking area where people can gather and not be on the front lawn. Make old mais st the place to be. Great restraunts and bars will be an awesome attraction for Germantown and new revenue to the community. Old mill inn's new beer garden would also help accomplish the goal.	1/19/2015 6:44 PM
554	Taxes	1/19/2015 6:42 PM
555	The village should take more control over the roads from the County government. As a tax payer and property owner I think the village could do a better job with the road maintenance.	1/19/2015 6:29 PM
556	Get leadership in office that focuses on using the resources we provide them through our taxes more effectively. Having our village buildings on Mequon Rd wastes some of our most valuable land resources. This property should have been used to attract high end retail or restaurant properties not a library. The buildings for municipal use also do not need to be fancy buildings, use our tax dollars for things that add value, not architecture to impress our neighbors. Fix some roads, build infrastructure, attract solid businesses, not Walmart.	1/19/2015 5:46 PM
557	I would work to get a pool, expand the park and trail system, and create an environment to attract non-manufacturing business.	1/19/2015 5:11 PM
558	The roads need improvement	1/19/2015 4:56 PM
559	better roads, they suck	1/19/2015 4:09 PM
560	Downtown. we need a destination type of downtown. A pool (community or HS- preferably both) More shops and restaurants. dog park. A large indoor rec area (like the rec plex in Kenosha). This wold be unique to us and draw people to our community. A more cohesive, well planned community that doesn't feel so piece-mealed	1/19/2015 4:03 PM
561	We need more restaurant options including sit down and quick service.	1/19/2015 4:00 PM
562	Moratorium on development.	1/19/2015 3:49 PM

568	More authentic bars restaurants shops	1/19/2015 3:00 PM
569	It is a good idea to add a community attraction , like the proposed bier garden. I could see it bringing people together in a positive manner.	1/19/2015 2:56 PM
570	We live next to Kinderberg Park, and while the signage indicates "no vehicles", there are cars 1) that park by the building on a regular basis, 2) that park along the paths on a regular basis in the summer and 3) that drive into and out of the park at 20-25 mph. There is no way to hold any of the owners of these cars accountable, as it would require a full-time police officer to remain at the park and issue tickets on a consistent basis. Since this is not a logical delegation of responsibility to a police officer, the cars that park and drive in the park will continue, without being held accountable or fined. In closure, there is no solution.	1/19/2015 2:48 PM
571	More luxury apartments, bike trails, community pool, restaurant and retail. Major high school renovation is needed in the near future to maintain residential value increases.	1/19/2015 2:43 PM
572	community pool!!!!!!!!!!!!	1/19/2015 2:42 PM
573	Stop having the Village plow the sidewalks. The equipment they use does not clean to the surface. Most years this has made it impossible for me to walk around the Village during the winter months as the residual snow turns to ice and makes the sidewalks dangerous. It also exposes the Village to lawsuits for slip and fall incidents. Also it is a waste of taxpayer dollars that only benefit some residents. I would also ask that you stop putting up live plant hanging baskets during the summer. Again the time and expense of maintaining these is a waste of taxpayer dollars. If you want to decorate, just put up flags.	1/19/2015 2:41 PM
574	More activities downtown	1/19/2015 2:39 PM
575	Be more open to change and growth	1/19/2015 2:38 PM

579	Celebrate the German culture in Germantown, not just with architecture. Make it "the Ferman Destination."	1/19/2015 2:22 PM
580	We need Events / festivals on Main street / Firemans park along with more restaurants or businesses that are an attraction, like art galleries, pubs, winerys, coffe house, cafes, shops, etc... Would also be nice if a business would take over the old Trysting/Barry's place bar in Pickn N Save Plaza that has been vacant for quite a while. I also find Life Church events and Life Church itself annoying. The current Mai Fest & Oktoberfest I love but could be grown even more as well.	1/19/2015 2:18 PM
581	Village "officials" that move here and feel like they can change things to their own personal liking. Small minded board members.	1/19/2015 2:14 PM
582	It would be nice to have public swimming facilities (preferably indoor).	1/19/2015 2:07 PM
583	More things to do indoor like a bowling alley maybe	1/19/2015 2:04 PM
584	The roads are horrible. Our taxes are expensive, and for the money we put in, the roads should be maintained to a better standard. I'd like to see something done about the vacant buildings and tenant locations behind Starbucks and in the plaza where the drive-thru Smokes is located. I'd like to see more connection between the village reps and their constituents. I would be thrilled if Germantown would expand the city water to the west so it would be available in our area so we could get rid of our well and septic tanks. I'm disappointed in regard to the new industrial development along 175 close to Wal-Mart and north. It's sad that the residents on this end will be seeing trucks and noise and industrial concerns when we purchased our home to be in a residential area.	1/19/2015 2:02 PM
585	Put an outdoor public pool somewhere? I think Germantown can easily beat the other local towns pools.	1/19/2015 2:00 PM
586	we could certainly use more restaurants.	1/19/2015 2:00 PM
587	add a community pool	1/19/2015 1:54 PM

589	Snow plows that run into mailboxes on division Rd, garbage men allow litter to fly from truck	1/19/2015 1:44 PM
590	We need a reason to get people to want to come here! Don't make it so hard to do business in Germantown...	1/19/2015 1:44 PM
591	I would want to develop the community identity as an authentically German destination. I love everything else from the yoga studio on Pilgrim, to the Walgreens, to the shopping on Q & 45. I love that I can live on my 2 little acres and feel a million miles from the real world, and still drive less than 5 minutes to WalMart. We already have a stronghold on most industries in our city - now let's develop the restaurants & tourism. Finally, if public transportation could get me to downtown Milwaukee, that would be a plus!	1/19/2015 1:43 PM

672	Swimming Pool	1/17/2015 2:49 PM
673	There is a real need to maintain the public infrastructure (roads, sidewalks and parks).	1/17/2015 2:47 PM
674	Some of the roads are horrible, but that takes money. taxes are fair, and I realize there would need to be increases to fix everything sooner than later.	1/17/2015 2:10 PM
675	restrict the amount of rental housing in the village and try to restrict large families from renting small apartments. There are people with children living in Becker Manor on Sylvan Circle, and they're packed into 1 bedroom apartments. It's not illegal but it should be.	1/17/2015 1:54 PM
676	Stop the nonsense of Germanic facades on new businesses. The strip malls other than Sendiks on Mequon road are looking very trashy and need modernization. The land on Mequon Rd next to the golf course parking lot could be developed into upscale eating places instead of clustered on Cty Line Rd. Also an all season pool attached to the Senior Center open to the public would be a wonderful addition. Locker rooms with private dressing stalls for adults would be nice. Stop the nonsense of not doing things because more traffic will be created. Take a look at Grafton - up and coming community.	1/17/2015 1:31 PM
677	Road improvements (pavement wise).	1/17/2015 1:19 PM
678	We would have a community pool and lower property taxes.	1/17/2015 1:16 PM
679	A village the size of Germantown really ought to have a dog park like other, even smaller communities do. Several years ago my neighbors and I circulated a questionnaire just in our neighborhood. An overwhelming 150 responses asking for just such a park. We would not have to drive all over the area to have our four-legged friends have some freedom of running with buddies.	1/17/2015 1:15 PM
680	The look is too old fashion, need to have a more modern look not this old German village appearance. When even new it appears dated and unappealing.	1/17/2015 12:55 PM
681	The board needs to be progressive. It seems that some things never change. Like their struck	1/17/2015 12:42 PM
682	More restaurant and nightlife choices. We have all the fast food needed, no high quality. Restaurants such as Bartalottas. Would also like to see the large containers for garbage like we have for recyclables.	1/17/2015 12:29 PM
683	More urban (restaurants & shopping) Sidewalks along major roads (specifically Mequon road from Maple to freeway)	1/17/2015 12:19 PM
684	Better road repair More benches near walking paths in village parks for elderly to rest while walking	1/17/2015 12:19 PM
685	Have an indoor community pool	1/17/2015 12:19 PM
686	We could use a recreation center that would include facilities for all ages year round. Could use a community pool!	1/17/2015 12:12 PM
687	Public Swimming Pool, update existing school buildings, repave Donges Bay Road, Quit building businesses on County, getting to crowded and traffic lights are not helping.	1/17/2015 11:39 AM
688	Road/street conditions are atrocious and the village leaders should be embarrassed! Auto mechanics must be happy though.	1/17/2015 11:37 AM
689	We would love to see a community swimming pool available for residents.	1/17/2015 10:36 AM

2015 Community Survey

690	More for kids to do in the summer. Such as a pool, better access to ball fields. Firemans, little league, friedenfield park is dangerous for kids to get to by bike. Park sidewalks are not plowed in winter, including spassland and half of kinderburg. There needs to be garbage cans along front of kinderburg hill near road so people don't dump their trash. The biggest concern I have is bringing in more "voting"seniors who do not understand the dire need to fix our schools and provide constructive outlets for kids and teens.	1/17/2015 10:21 AM
691	Roadways - this should be a number one priority. Donges Bay Road is a disaster Fond du lac ave or 145 north of 167 is probably worse. I hope there are not others?? The development I am in is 20 years old many others are approaching 20 years over the next 5-10 years and these roadways will be falling apart - hope there is a good plan in place and should be maintenance rather than waiting til mill and overlay required or replacement. Second thing I think that would help germantown is the establishment of a 'downtown'. We have a milk plant that is a great base for our community but not a downtown. this was allowed to expand in place was there ever encouragement, TIF etc to relocate? Too late now I understand but a great opportunity lost. Poor leadership and foresight. Creating a good sense of community through the activities and expanding upon them is great, an area to call community would be awesome.	1/17/2015 10:21 AM
692	Increase the minimum lot size to 3-5 acres for new construction	1/17/2015 10:21 AM

697	Be able to elect more forward thinking, creative elected officials.	1/17/2015 9:22 AM
698	Reduce freeway noise	1/17/2015 9:20 AM
699	***MUST get our ditches filled in. The City dug them out and now they are completely too steep to mow at all. Always took pride in property looking nice- now total eyesore. Gives me heartburn every day to see the overgrown mess.	1/17/2015 9:13 AM
700	the need for a community pool or aquatic facility more off-road/on-road bicycle trails improve facilities at middle/high schools start/improve sustainability within the Village	1/17/2015 9:09 AM
701	The cost of housing.	1/17/2015 9:04 AM
702	The Village does not really have a "city center" or "down town" area. Encourage development in a place where people can drive to, and then meet up and walk around.	1/17/2015 8:42 AM
703	better/faster repair of the streets and roads. Install an indoor municipal swimming pool for both residence and high school swim team. If not already done, add no more HUD housing.	1/17/2015 8:28 AM

709	better pot hole repair--not just patching, but lasting repair	1/17/2015 6:59 AM
710	More restaurants such as sports family friendly. Pool for kids and adults. Restaurants that actually attract people like BW3s and look at the success it's having. Enough assisted living housing. The outdoor Stube area is excellent however extremely embarrassing entertaining guests and must close by 10:00. Germantown needs to do more to cater to young family's whom want to go out after sporting events. We are the future of this community and most times take are business outside the community. It's tiring year after year recommendations voted down that would really benefit the community. Please this area needs HELP when traveling to other communities it's amazing how much they have to offer to young families. No swimming pool at the high school is ridiculous!!! How about a field house for the high school generates a lot of money especially with the success the basketball program has had! Please stop catering to only the older generations! Germantown needs a fresh look!	1/17/2015 5:46 AM
711	The stretch of sidewalk on the south side of Mequon Rd between Squire and Legend is never adequately shoveled or salted. One of these days someone is going to fall and get hurt and sue the village.	1/16/2015 10:14 PM
712	Longer the property taxes, stop adding stop lights on Mequon Road and the intersection at Mequon and western is dangerous. Turning right onto Mequon from Western your view is blocked you can't see walkers, runners or bikers heading west on the sidewalk	1/16/2015 9:47 PM

723	public 4K program more upscale restaurant choices	1/16/2015 7:48 PM
724	I would really love some sort of community pool. We would use it ALL the time and pay for it. Also I wish we had more open gym spaces to run off that winter energy. Also I really dislike going to the library, I try to avoid it all costs. I think the people that work there are snobby and look down on my family whenever we are there (like being asked to leave when my 12 month old son didn't have shoes on and I set him ((sitting)) on the ground). I got talked too (recently) for going through the wrong door.(really?) Thanks for making me feel great. Otherwise we are very happy. We had a problem with our water last year and the director hung in there with us and was very kind. I would like it our streets could be plowed quicker, they seem to always be covered in ice.	1/16/2015 7:40 PM

733	Need a new swimming pool and auditorium. Respect the teaching and support staff of the schools by being more generous with resources and stop using repressive Act 10 powers. Do something about the roads in disrepair. It's embarassing to say that we actually live here. Leadership needs to stop politicizing absolutely everything and represent everyone in the community.	1/16/2015 5:22 PM

Also I would like the village to do more pickups such as leafs in the fall almost every community has this even a small town (Campbellsport) I also would like the village to put in a dog park (off leash) .	1/16/2015 12:03 PM
752	have a multiuse facility including a swimming pool for families of Germantown residents	1/16/2015 12:00 PM

757	road improvement	1/16/2015 11:21 AM
758	1) Additional and improved facilities for sporting events (field and park access is limited). 2) Invest in the roads. 770	More quality (aka not fast food) restaurants and better shopping in closer proximity to Mequon road. Everything is being built by County Line and that is congested. Improve the cell phone reception Do something to improve the interception at Wasaukee Road and Freistadt before someone is seriously hurt or killed. Wasaukee road is like a freeway with speeding and running stop signs. We like the rural feel but the roads are getting busy with people that are in too much of a hurry. Need to control the traffic on Wasaukee road. Look at providing community fitness program (IE http://getfitseymour.com/) encourage the community to get healthy. Provide options for coaching and tracks/walking/running paths for workouts	1/16/2015 9:28 AM
771	We should be demanding a lot more from national businesses who open stores in Germantown. The Buffalo Wild Wings building gets jammed in sideways while yet another strip mall gets the frontage. That building is just the latest of many examples.	1/16/2015 9:28 AM

793	Improved the business downtown area. Focus on community identity & interaction with heritage based development in the historic downtown area. More residential is not needed here and certainly not rental property. People need a reason to come to Germantown. Small businesses with additional parking would be the best. And please do not build anymore 5 lane roads like Lannon road between County Line Rd. and Hwy 45. That road is atrocious looking and wasteful. 863	FIX THE LOUSY ROADS STOP TIFF GIVE-AWAYS	1/15/2015 3:30 PM
864	Keep up with road repairs. Also, keep projects at a working mans affordability. An example would be the complete irrational thinking that went into the library. While it was commendable to plan for future expansion, which will be needed, I feel it will be very expensive and cause tremendous disruption to add the second floor as the plan is.	1/15/2015 3:28 PM
865	Property Assessment Overseeing - Several of my neighbors and myself had property assessment errors on the land value that needed to be corrected..	1/15/2015 3:15 PM

887	More nature trails, expanded nightlife options	1/15/2015 12:53 PM
888	We need a community pool. Kids in Germantown are not learning to swim. With all the water sports and lakes in Wi it is necessary for kids to know how to swim!	1/15/2015 12:48 PM
889	Snow removal- it's hard to walk on the roads in the winter!	1/15/2015 12:48 PM

897	Hands down, the addition of a pool/rec area in the community. I find it shocking that a community our size does not have a community gathering place like a pool. The high school should have a pool as well. embarrassing.	1/15/2015 12:01 PM

903	Road improvements Community outdoor and maybe even indoor pool. More land to build new homes	1/15/2015 11:21 AM
904	Renovating our quaint Main Street with small retail businesses and cafes, like Cedarburg. From talking to small business owners in Germantown I am left with the impression that Germantown makes it difficult to own a business in our village. Germantown should become more friendly to business owners.	1/15/2015 11:13 AM
905	roads need work. i.e. pilgrim road from meqon to freistadt is horrible. country air is horrible from freistadt and going south	1/15/2015 11:04 AM

908	Add a Round-about on Division and 145. Add a multi sports complex add a public swimming pool	1/15/2015 10:37 AM
909	We need a pool!!! I would also like to see improvements to our schools. We see a lot of schools in communities and they are much, much more modern than Germantown. Our high school could definitely use an upgrade including a better field house.	1/15/2015 10:22 AM

915	Better snow plowing in Heritage Hills neighborhood, community pool	1/15/2015 8:34 AM
916	School Facilities Interaction of School, Recreation Department, and Club Sport teams (club teams made up of Germantown residents- ie, Hawks & Diamond Club)... Better use of taxpayer owned facilities for children of taxpayers in community. Currently paying other school districts for gym time due to lack of centralized management of gym time.	1/15/2015 8:31 AM
917	Teen and young adult supervision practices. Have a supervised location where teens can socialize and have acceptable activities.	1/15/2015 7:38 AM
918	Less bar life on main street.	1/15/2015 7:23 AM
919	1) Change the recycle pick up to 1 week or allow for additional containers. We recycle so much now that the bin is overflowing in the first week and they do not take our second container we put out. 2) In the Winter I live on a side street off of Division and we always are the last to get plowed or salted which causes problems in the larger events. I would like to see a better effort or a number to call a hotline. Example: Last year I hit shear ice on our street and went into the ditch. I called to see if I could have the street salted and no help. It was not until an officer tried to stop and slid into the ditch next to me that we got help and that was because the office directly radioed in the need. If my call would have been answered it could have prevented several issues that day. 3) I would like to see more of the empty store fronts filled in Germantown before approval for new buildings.It seems a lot of new buildings are being built with just built building sitting vacant. Just a thought.	1/15/2015 7:22 AM
920	That they plow the side streets more quickly	1/15/2015 6:58 AM
921	Change the old Gtown area into more like Cedarburg feel .Revitalize into something special. Gtown has nothing to give it its own character. (its not pick & save or Sendiks	1/15/2015 6:54 AM
922	More restaurants More family places to do things Pool	1/15/2015 6:54 AM
923	Community pool BASIC, we do not need something extravagant. Attract other small businesses to Mequon Road area	1/15/2015 6:27 AM
924	Need a swimming pool- indoor and outdoor would be best	1/14/2015 10:15 PM
925	Build a performing arts center. It could be part of the high school or free standing. A community of this size and wealth should have at least one.	1/14/2015 10:11 PM
926	I know this isn't Germantown, but get rid of the stupid garbage hill in Menomonee Falls. I think it brings Germantown down!! I also think that developing sub divisions along Hwy 41-45 is a bad idea. The traffic noise is too loud and I think resale would be difficult and that land should be used to develop business parks and commercial and manufacturing for quick access for delivery trucks to the freeway. Save the nice quiet land away from the freeway for residential. Improve Donges Bay road between Pilgrim and Division, it is very heavily traveled for all the cars going to Windsong and Heritage Hills and Tree tops that want to avoid the lights on Mequon road especially by high schoolers and parents going to the high school!!! An athletic field house to the high school I think would be beneficial, with the high caliber of our high school athletics I think it would benefit the community too. For the walking paths, we could use more, but please ONLY PAVE one side of the road, we don't need path's / sidewalks on both sides of the road, its a waste of money. One side is plenty for people to walk and use. A nice sports complex - 4 baseball diamonds, fields etc. That keeps the community busy and brings in competition from other communities and they shop, and eat and use our services which brings \$ into the community and county. Gtown has outstanding high school sports, winning State championships in footall, basketball, etc and GTown has done it right and they really start with the youth. Having a nice, well designed large space to accommodate baseball, soccer, indoor soccer, basketball complex would bring in competition would be good. Could add to the value of the homes too. We really need a sporting goods store in this area.	1/14/2015 10:07 PM
927	A lot of the roads are bad. More pedestrian walkways and bike paths.	1/14/2015 9:44 PM

936	Desperately need a community swimming pool, either in the HS or somewhere in the Community or both. The Village does not have a community feel to it, due to the lack of a "walkable" downtown. Mequon Road is a series of strips malls that does not lend to a sense of community or walkable gathering place. Main street tries, but Gehl's takes up mos.t of Main Street, no real solution there. The school system seems to be the only thing that ties people to the community	1/14/2015 8:41 PM
937	need more non-fast food restaurants	1/14/2015 8:32 PM

968	another starbucks and I'll scream. why 2 dollar stores? better streets. fix them. mine is awful. let's get something in the empty store where Linens plus used to be. such an eye sore. too many lights on county line.	1/14/2015 5:30 PM
969	- A community pool - A more developed Main Street with multiple specialty shops you can walk around to visit. - Less emphasis on specialization of children's sports at such a young age. - Less emphasis on making everything have gables on the buildings - More opportunities for new neighborhoods that aren't lots crammed on top of one another (like Blakestone Estates), yet not so big they are unaffordable (like Isabelle Farms)	1/14/2015 5:28 PM
970	Sidewalks and some street lights in older subdivisions so more comfort in letting kids ride bikes or go on walks	1/14/2015 5:26 PM

977	Motorcycle noise, after market mufflers on cars, and excessive speeds from all vehicles. Our quality of life should not be affected because Germantown is afraid of the Harley Corp.	1/14/2015 3:17 PM
978	Have a centered downtown area. A cohesive area that encourages people to walk and bike downtown. A public pool and central park	1/14/2015 3:15 PM

988	I wish the library hours were different - they are not very convenient.	1/14/2015 1:35 PM
989	Community needs to take responsibility! Plan ahead and figure out how to pay for improvements on our own before bigger problems happen! Any homeowner knows that you should take care of small problems right away instead of waiting until the matter is urgent and will cost a fortune that you do not have! I would pay more in taxes if I knew we had a plan and it was going to fix schools, roads, parks and yes...A POOL! - More commercial business!!! I spend most of my expendable income outside of Germantown because unless I am shopping for food or getting overpriced coffee I have limited choices in Germantown. -Focus on finding a good balance of age groups and increase younger voter turnout.	1/14/2015 1:28 PM
990	I feel that the village of Germantown could use a very nice dog park. There are some areas that can be turned into a nice dog park	1/14/2015 1:23 PM

2015 Community Survey

991	Additional improvements and upgrades to the parks and trails...ESPECIALLY the trails. An integrated trail system would be a huge bonus. In addition, a centralized Village Park would be a huge asset. It would also be really nice if there was an outdoor community swimming pool so we didn't have to travel to take our kids swimming in the summer.	1/14/2015 1:23 PM

1002	More family owned, family oriented, sit down restaurants on Mequon Road.	1/14/2015 11:48 AM

1004	That there would be a indoor pool at the high school or somewhere in the community. That there would be 4K in the school	1/14/2015 11:46 AM
1005	Better community support. Most referendums fail as (I assume) voters only care about taxes than building up the community.	1/14/2015 11:45 AM
1006	If I could change ONE thing about the Village of Germantown, I would change the Village Board's position on improving the fire department by providing full-time, properly staffed fire protection and emergency services. I would like to see this matter go to referendum as soon as possible, rather than have this matter constantly stalled and delayed by the Village Board, so that the residents of Germantown can have a say in this matter.	1/14/2015 11:41 AM

1015	Better restaurants	1/14/2015 11:02 AM
1016	Reduced elderly/assisted living facilities. Located a tenant for the retail space that was previously the Trysting Place.	1/14/2015 10:59 AM
1017	Earlier plowing/salting on Oak Lane	1/14/2015 10:54 AM
1018	Keep it more country...becoming too city	1/14/2015 10:48 AM
1019	There should be stop and go lights or a round about at Maple and (old) Mequon Rds. There should be lights at Maple and stop lights at Maple and Carnegie or Clinton during morning rush, afternoon when GHS gets out and afternoon rush hour We need an indoor community facility for the kids to have something to do. Also need a community pool or water park that older kids can utilize. We need more family sit down restaraunts-not fast food. Or a buffet type rest. Off Mequon Rd. Not Cty Line. The high school needs more parking for students.	1/14/2015 10:47 AM
1020	Public pool	1/14/2015 10:46 AM
1021	Increased library hours of operation, more rec department trips	1/14/2015 10:44 AM

2015 Community Survey

1022	Sub Division roads. Bad shape.	1/14/2015 10:44 AM
1023	Nothing really. I think this is an awesome community to live in. I would like it to stay just like it is! Wait... I would like to have some bike paths created on the sides of outlying roads. So many bicycles! Would love for them to have their own path instead of using the roads.	1/14/2015 10:41 AM
1024	Limit development. One of the great things about Germantown is we have a "small town" feel with enough retail conveniences and good enough of undeveloped space.	1/14/2015 10:29 AM
1025	Invest in the physical building of Germantown High School. We need a field house with courts and social areas to host multiple sport tournaments and other activities for the high school and the community programs. Improve our roads - Donges Bay is terrible	1/14/2015 10:27 AM
1026	#1.Enclosed dog park in Germantown...possible site would be Shoen Laufen Park. Great example would be the dog park in West Bend, which we frequent several times a week. #2. Market/advertise Farmer's market more...reduce hours, too long for most vendors. Talk it up so more vendors might be drawn to Germantown to market their wares. #3 Not that I am a big fan of round a bouts...but maybe a round a bout would be good for the intersection of Maple, 145, and Holy Hill Road, or at the least, flashing red/yellow lights? #4. Possible to construct paved bike path to hook up with another one from surrounding community?	1/14/2015 10:26 AM
1027	I would like to see the Village Administration/Departments work with small businesses rather than against them.	1/14/2015 10:24 AM
1028	Leaf removal	1/14/2015 10:24 AM
1029	Fix the damn roads and use salt when plowing them. Sewer costs are too much and so is the MATC taxes charged to Gtown properties	1/14/2015 10:16 AM
1030	would like to see a community pool	1/14/2015 10:15 AM
1031	Add more restaurants to Main Street and allow the development by the owner of Old Town Inn for the recreational area.	1/14/2015 10:12 AM
1032	Roads	1/14/2015 10:10 AM
1033	No more condominium or small lot <1 acre subdivisions.	1/14/2015 9:58 AM
1034	1) Add a community pool - I am willing to pay more in taxes to have this. 2) Make it available/shared with the high school so their students don't have to travel 3) Remove voting rights from elderly people who will not vote to improve schools (kidding).	1/14/2015 9:51 AM
1035	community pool	1/14/2015 9:50 AM
1036	Need a community pool, more restaurants, and most importantly, extend Division Road from Main Street through to Freistadt Road!!!	1/14/2015 9:47 AM
1037	roads and schools	1/14/2015 9:46 AM
1038	we need more restaurants. I would like to see the community/businesses get behind the high school's activities--this gives our town more of that small town feel.	1/14/2015 9:45 AM
1039	Continue to allow rural areas of the community to retain their well and septic systems. Do not expand sewer and water services.	1/14/2015 9:43 AM
1040	Improved roads. Roads that are repaired.	1/14/2015 9:37 AM
1041	A light at the intersection by the Post Office and Pilgrim Road	1/14/2015 9:36 AM
1042	Some of the roads are really bad	1/14/2015 9:33 AM
1043	more updates at the parks - a community pool - don't make County Line Road into a Bluemound Rd. - putting money into the school district not always for the Senior citizens (ie. "their" community center)	1/14/2015 9:32 AM
1044	Public pool ensure that trees and bushes get planted to block that huge building going up on county line where there had been trees and farmland	1/14/2015 9:26 AM
1045	More restaurant choices and a larger downtown area.	1/14/2015 9:25 AM
1046	Road improvements. Donges Bay and the roads in Country Meadows East are in very rough shape.	1/14/2015 9:24 AM

1049	Better roads	1/14/2015 9:19 AM
1050	Don't really have any requests... I Love living in Germantown.	1/14/2015 9:16 AM

2015 Community Survey

1051	I wish we had a indoor or outdoor community pool. We also need more baseball softball diamonds and concessions stands.	1/14/2015 9:13 AM
1052	4 Things: #1 (not-so-important): More non-chain causal dining options. A great brew-pub or two would be fantastic. #2: Our schools /community could benefit from some capital improvements. I realize that a pool/band room initiative had several shots on a referendum and was not able to be passed by Germantown taxpayers. I appreciate the fiscal conservatism of the community, but it appears that most of our schools could use updates. I'm sure the district has a long list. #3: With a robust athletic program, a sports complex would be a "wonderful-to-have" item. With Little League/Jaguars/Diamond club, baseball diamond time is a premium. The same is true for gym time for basketball. Younger kids - who are justifiably low on the priority for gym time - also end up having times to choose from that are so early they are extremely difficult for most parents to make, or so late, that it interferes with appropriate bed-times for the younger kids. #4: School distracting of the area west of Division/East of 41-45/ between Q and Mequon - very strange that this group of kids is districted to Amy Belle. There are two closer elementary schools. My son attends Amy Belle but has several friends who live farther away from County Line than we do. At least revisit potential of allowing kids south of Donges Bay to attend County Line if feasible. All these things said, we love the community and continue to grow further an further invested in it!	1/14/2015 9:12 AM
1053	More of a downtown area/spread out to much.	1/14/2015 9:12 AM
1054	Road conditions	1/14/2015 9:12 AM
1055	Better roads	1/14/2015 9:11 AM
1056	Referendum passeed to improve High School Facilities. I have been in almost every highschool over past 5 years. G'Town is most outdated in the area.....quite embarassing..	1/14/2015 9:09 AM
1057	Park with a community pool. More retail businesses More sit-down restaurants. Improve the downtown area. Shops/restaurants	1/14/2015 9:09 AM
1058	The roads are terrible. I live on the parade route on Park Ave and more time, money and energy is spent on patching my street than repaving it. There is also a HUGE hole by Speedway that has been there for months.	1/14/2015 9:09 AM
1059	ROADS!!!! Donges Bay has been horrible since we moved here 20 + years ago!	1/14/2015 9:09 AM
1060	I actually have two things: Add a dog park and an outdoor pool.	1/14/2015 9:04 AM
1061	More facilities and activities for families and kids... Pool... Community center etc	1/14/2015 5:55 AM
1062	More small business/non chain restaurants that are not bars	1/13/2015 10:25 PM
1063	It appears that both the taxbase and propert owners' inflated sense of retail business property values have influenced high turnover of small businesses in germantown. Mequon rd doesnot have the type of traffic that the appleton/county line region can support. So, can the village work to attract different types of businesses towards niche/local / regional attractions? Overpricing properties has resulted in valued businesses moving out of the village.	1/13/2015 10:24 PM
1064	Higher speeds on some of the roads.	1/13/2015 10:00 PM
1065	lower taxes	1/13/2015 9:23 PM
1066	A	1/13/2015 7:52 PM
1067	More shopping areas.	1/13/2015 7:46 PM
1068	keep moving forward with school, they are our future.	1/13/2015 4:57 PM
1069	the villages continues to requirement that places have a Germanic look. I think we have lost businesses as a result of it	1/13/2015 4:09 PM
1070	More/better locally owned restaurants. No more lower end housing establishments. Increase plowing in subdivisions.	1/13/2015 4:06 PM
1071	Fix the roads - the bumps and pot holes everywhere are ridiculous. I would like to see some sort of family friendly weekly music in the park like Grafton and Cedarburg have in the summer. Or similar to bring families with young kids together. I would also like to see nice restaurants near main st or Mequon road - it feels like all is over by Menomonee Falls.	1/13/2015 2:32 PM
1072	I would find out why Germantown has a reputation for being hard to work with from a business perspective. I would also address the need for more businesses to come to Germantown to make it a more vibrant and profitable community. I would push for more businesses to not only build in the business park, but line Mequon Road east of Pilgrim to the business park -- more like how Mequon has flourished. In addition, I would attract small businesses to line the old Main street to attract more shoppers -- similar to what Cedarburg has. We have a great historic main street that is mainly full of bars and nightlife. This could be much improved. In order to that, the Village needs to look for ways to be more accomodating to businesses that show interest in Germantown before it's too late. I would also redo roads that have been patched so many times. I've had extra vehicle repair bills due to this.	1/13/2015 1:49 PM

1094	Roads, Crime	1/12/2015 7:48 PM

1104	More weekend activities for Young Adults to do in Germantown	1/12/2015 5:22 PM
1105	Community pool. We need to fix up the mequon Rd. Shops. They look very outdated.	1/12/2015 4:56 PM
1106	I would like to see more Bike Friendly Roads, ie Bike Path down Donges Bay Rd to Lemke Field or Mequon line. This bike path takes you to the Interurban Bike path (next to Libbys).	1/12/2015 4:37 PM
1107	we need a pool at the high school - my granddaughter has to go to MFHS to be on swim team because we do not have pool - swimmers are in better shape than most other kids in others sports - also we do not need the industrial park on 175	1/12/2015 3:23 PM
1108	Lay out of new strip malls.	1/12/2015 3:20 PM

2015 Community Survey

1109	Band stand at Fireman's park!!	1/12/2015 3:18 PM

1115	Community pool more upscale shopping on Mequon road	1/12/2015 2:31 PM
1116	Less multi family housing. Add full time Fire dept. Attract upscale restaurants.	1/12/2015 2:28 PM
1117	Make Main Street a REAL village main street addition of village swimming pool and baseball complex	1/12/2015 2:17 PM
1118	To somehow find people to put in place in the Village Government that don't have some axe to grind, something to compensate for and think logically (not living in some other dimension). Unfortunately, with how the districts are made up and the small pool to pull from, doing this would be similar to finding a unicorn walking down Pilgrim Rd....	1/12/2015 2:14 PM
1119	there would be an in-door tennis court	1/12/2015 2:08 PM
1120	Improvement of Roads. More resturants.	1/12/2015 2:04 PM
1121	We need the swimming pool.	1/12/2015 2:03 PM
1122	We need to improve the attractiveness of Germantown as a residential community and focus less on attracting manufacturing and industrial businesses. Encourage revitalization of the Main Street area as a destination for dining and entertainment. Add a public pool on par and recreational facility. Encourage expansion of mid to high end residential housing. Continue to improve schools. Cedarburg is a great example. Great dining. A wonderful pool and aquatic area, and attracting more mid to high end home buyers.	1/12/2015 2:02 PM
1123	Build a community center for ALL not just seniors. Have a pool and charge non-residents more to use it	1/12/2015 1:51 PM
1124	I would stop arguing about how to fix Donges Bay road and just repave it for now.	1/12/2015 1:32 PM
1125	less strict building standards for new business. more police. attention to roads in ZONE 5	1/12/2015 1:29 PM
1126	Stop building. This used to be a smalkl and quiet community. It is not any longer..	1/12/2015 1:24 PM
1127	Silent railway crossing on Main Street	1/12/2015 1:16 PM
1128	The main roads and the secondary roads are in bad bad shape.	1/12/2015 1:01 PM
1129	installing sidewalks on residential streets or other traffic calming improvements.	1/12/2015 12:45 PM
1130	Improved road conditions. Especially Donges Bay Road and the intersection of Donges Bay Dr and Fond Du Lac ave. I pass through that intersection multiple times a day and it is very dangerous.	1/12/2015 12:42 PM
1131	Swimming pool, Beer garden to drAw people here, Kids Klub open at all schools when kids have days off	1/12/2015 12:20 PM
1132	I would like to see steps taken to be more pedestrian friendly.	1/12/2015 12:14 PM
1133	improving the roads.....some are terrible and not kept up to date.	1/12/2015 11:57 AM
1134	GET A POOL!!!!!! We need an aquatic center, plain and simple. We are the only community that I know of that does not have a high school pool or aquatic center. People are shocked when I tell them.	1/12/2015 11:57 AM
1135	More restaurants Create a Full Time Fire Department	1/12/2015 11:48 AM
1136	Add community pool, fix roads especially Donges Bay, to better at salting/plowing roads (big differences in some subdivisions when roads our done, ours is always a day behind others), allow more restaurants/shops (tired of trustees agueing about allowing Germantown to flourish), stop adding more senior housing	1/12/2015 11:47 AM
1137	The development of a pedestrian-friendly "destination" city center or Main Street with quality shops, restaurants, etc. One capable of hosting events and festivals.	1/12/2015 11:42 AM
1138	More entertainment and restaurants	1/12/2015 11:41 AM
1139	More year round family events.	1/12/2015 11:35 AM
1140	We need festivals with music - something like cedarburg has on Friday nights	1/12/2015 11:33 AM

2015 Community Survey

1141	Roads are terrible. We need a community pool for the kids in the summer. There needs to be a strategy on recruiting businesses to the Village.....I do not see one today.	1/12/2015 11:27 AM
1142	Germantown needs outdoor pool!	1/12/2015 11:26 AM
1143	I would put more police officers on patrol and more firefighters on the trucks.	1/12/2015 11:03 AM
1144	It needs a pool AND Kinderburg park needs a basketball court. There is plenty of room for one there.	1/12/2015 11:00 AM
1145	We need more restaurants on Mequon Rd and we would love a pool for the summer months for the kids to go.	1/12/2015 10:53 AM
1146	more things for kids of all ages to do, wading pools at parks, large zero depth outdoor swimming pool with slides and diving boards, start ecfe program in WI (early childhood family education), big skateboard/scooter park,	1/12/2015 10:52 AM
1147	There would be more restaurants instead of just pubs/grills. There would be more emphasis on and support for the arts.	1/12/2015 10:51 AM
1148	To really have a "downtown" area where the community can come together in a variety of events. There are great parks in Germantown but none are really connected to or close to a community "gathering" place. With that, I appreciate the idea of the Old Town Inn trying to create a festival park. That is something I could see be very beneficial for Germantown.	1/12/2015 10:44 AM
1149	More salt on less used roads. The high school or the community needs another pool for teaching children how to swim to prevent drownings.	1/12/2015 10:44 AM
1150	The only complaint I have is the roads! My road Concord is horrible.	1/12/2015 10:33 AM
1151	Some things within the school system.	1/12/2015 10:31 AM
1152	WE need a full time fire department. WE need to do more work on the roads, as in general they are of very poor quality. Invest more into things for familys such as public pools. Make the village more friendly to businesses such as restraunts, Industrial, and healthcare facilities. We need to do a better job at plowing roads. We open or make easier to develop the land north of the village.	1/12/2015 10:24 AM
1153	Some full time fire, development of Dhiensville into a useful park and rec area	1/12/2015 10:18 AM
1154	Primary: A walkable business district. Secondary: A thriving farmers market. A focus on commercial business development. The businesses on County Line are nice, but that's practically Meno Falls.	1/12/2015 10:14 AM
1155	Better facilities for youth and high school athletics.	1/12/2015 10:14 AM
1156	Not sure yet. I only started working there 2 months ago.	1/12/2015 10:09 AM
1157	More stop signs in subdivisions	1/12/2015 10:07 AM
1158	Keep it rural. Farm land is going away, and that is not a good thing. We have industrial parks, but no decent shops or restraunt's in the "town" area. McDonalds and Robert's? Too bad that nobody want's to open a nicer eating or shopping place in Gtown. Maybe too expensive for a business owner.Rural roads plowing/salting very poor. Dangerous driving out there. Traffic has increased, but the quality of road care is terrible.	1/12/2015 10:03 AM
1159	Plowing our subdivision. It is just a sheet of ice and snow. Cars constantly sliding all over the road.	1/12/2015 10:03 AM
1160	Full-time fire department. Roads - fix the roads!	1/12/2015 9:59 AM
1161	We need a reason for people to come here! We get no outside "money"	1/12/2015 9:58 AM
1162	Roads. Extremely poor condition local and arterial roads in almost every area. Multiple neighborhoods like Old Farm, Indian ..., Heritage ... (don't know complete names). Main roads like Donges Bay, Main St and Hwy 145 are in terrible shape. Pilgrim and Division (that self-sealing blacktop coating was a terrible idea that fixed nothing). Not only condition but layout as well. It's become increasingly harder to get around town too. County Line has become an absolutely hideous and congested stop-n-go headache. The County Hwy Dept needs to take a serious look at how to resolve the traffic flow on CTH Q.	1/12/2015 9:52 AM
1163	Facility/Land to ride off highway vehicles (OHV) on.	1/12/2015 9:52 AM
1164	I would want the GPD to eradicate the drugs, but that would mean they'd have to admit that there is a drug problem and they'll never do that. I'd close down every single apartment complex, or if that's not possible I'd impose so much tax of some kind that only people of substantial income could live there. I'd install sidewalks everywhere. Build more school space and update what we have now. Make this a fun place to live and visit, it's never been that, very humdrum.	1/12/2015 9:45 AM
1165	More rec programs for ages 6-10	1/12/2015 9:44 AM
1166	Get better restaurants, not just burger joints.	1/12/2015 9:43 AM

1172	more speciality shops	1/12/2015 9:32 AM
1173	We need a full time fire department.	1/12/2015 9:31 AM
1174	More to keep people in our community and draw people in. Public pool, community center, band shell.	1/12/2015 9:30 AM
1175	More community events like Menomonee Falls	1/12/2015 9:26 AM

Rural Character & Farmland Preservation

Although the number of dairy and livestock farms in the Village of Germantown has declined significantly over the years and is relatively small when compared to other communities in Washington County, over 40 percent of the total land area in the Village is undeveloped and currently used for agricultural purposes (*such as growing crops, pasture land, hobby farms, horse stables, orchards, and plant nurseries*). Another 15 percent of the Village's total land area has natural and environmentally sensitive features (*such as rivers, streams, wetlands, woodlots and floodplains*). Both the environmentally sensitive land and other undeveloped land currently used for agricultural purposes add to the unique rural character and appearance of the Village and impact our overall quality of life.

While the environmentally sensitive land is protected from future development, the undeveloped land used for farming and other agricultural purposes **COULD** be developed to some extent if the Village's land use plan and zoning regulations allow that to happen.

As the Village continues to grow and the pressure for more development occurs, how do YOU feel about the Village preserving our rural character and protecting existing farm and other agricultural land from development?

Strongly Agree Somewhat Agree Neither Agree or Disagree Somewhat Disagree Strongly Disagree

The Village should protect ALL existing undeveloped farm and other agricultural land from future development

Existing undeveloped farm and other agricultural land should be allowed to develop as the property owners choose

Existing undeveloped farm and other agricultural land anywhere in the Village should be allowed to develop, but only in a way that preserves the rural character

Rural Character & Farmland Preservation

Looking at the existing land use map below, development in the Village of Germantown has generally been limited to the area south of Freistadt Road and within the "Urban Service Area" (*also called the "Sanitary Sewer Service Area" and shown on the map with a thick black line*).

Currently, only agricultural uses, hobby farms (*on lots 10+ acres in size*) and residential uses on large, single-family lots (*5+ acres in size*) are allowed in the undeveloped or "rural" areas outside of the "Urban Service Area".

Residential Development & Housing

Approximately 75 percent of the residential dwellings in the Village of Germantown are categorized as “single-family” housing with the remaining 25 percent some type of “multi-family” housing (*apartments, condos, duplexes*).

As the Village continues to grow and development pressure occurs, what type of new residential housing do YOU think the Village should allow and encourage to develop?

Residential Development & Housing

In a typical or "Conventional" residential subdivision, a tract of land is divided into individual lots with roads constructed to serve those lots. In a "Conservation" subdivision a tract of land is divided into comparably smaller lots with areas of undeveloped green or "open space" located around the lots to protect the land and/or environmental features from development (*see examples below*).

As shown below, the same number of lots can be developed in a "Conservation" subdivision as in a "Conventional" subdivision, except that the lots are smaller and there is more open space (*which is owned in common and used by the lot owners in the subdivision*).

CONSERVATION SUBDIVISION DESIGN

Conservation subdivisions can preserve environmental features and views.

Source: SEWRPC.

As the demand for more single-family residential housing occurs, do YOU think the Village should encourage one type of residential subdivision more than another?

- CONVENTIONAL and CONSERVATION subdivisions should be encouraged to develop equally.
- More CONSERVATION subdivisions should be encouraged to develop.
- More CONVENTIONAL subdivisions should be encouraged to develop.
- I really don't have an opinion about single-family residential development.

Commercial & Industrial Development

The Holy Hill Road @ US 41/45 interchange area (see below) is relatively undeveloped. The Village's Land Use Plan currently designates the Holy Hill Road interchange area for future "commercial" (highlighted in red) and "mixed use" (highlighted in blue) development. As a result, the types of land uses that could develop around the Holy Hill Road interchange area include: commercial, office, light industrial & manufacturing, and residential.

As the Village grows and development pressures occur, what specific type of development do YOU think Germantown should plan for and encourage around the Holy Hill Road interchange AND north along the US 41/45 highway corridor? (north of Freistadt Road)

Community Character & Architecture

New commercial development along Main Street and Mequon Road (from Lannon Road to Pilgrim Road) is required to have architectural features that are characteristic of "old world" Germany in order to create an attractive and unique "sense of place" for our community. Examples include the Village Hall & Library, First Bank, Germantown Plaza, the Gables, Pick N' Save, Walgreen's, Associated Bank, McDonald's, the Bier Stube, Sinter Klausen (see examples below).

What do YOU think about the Village's current "German Theme" architecture requirement?

- The German Theme architecture requirement should continue AND be expanded to include new commercial development throughout the entire Village...not just along Main Street and Mequon Road
- The German Theme architecture requirement should continue but ONLY be enforced for new commercial development along Main Street and Mequon Road as it has been in the past
- The use of German Theme architecture should be OPTIONAL for new commercial development anywhere in the Village but NOT a requirement
- The German Theme architecture requirement should be repealed and NOT enforced anywhere in the Village
