Cautionary Statement to Owners Obtaining Building Permits

101.65(lr) of the Wisconsin Statutes requires municipalities that enforce the Uniform Dwelling Code to provide an owner who applies for a building permit with a statement advising the owner that: **If the owner hires a contractor to perform work under the building permit and the contractor is not bonded or insured as required under s.101.654(2)(a), the following consequences might occur:** (a) The owner may be held liable for any bodily injury to or death of others or for any damage to the property of others that arises out of the work performed under the building permit or that is caused by any negligence of the contractor that occurs in connection with the work performed under the building permit. (b) The owner may not be able to collect from the contractor damages for any loss sustained by the owner because of a violation by the contractor of the one- and 2-family dwelling code or an ordinance enacted under sub.(1)(a), because of any bodily injury to or death of others or damage to the property of others that arises out of the work performed under the building permit or because of any bodily injury to or death of others or damage to the property of others that is caused by any negligence by the contractor that occurs in connection with the work performed under the building permit.

Cautionary Statement to Contractors for Projects Involving Building Built Before 1978

If this project is in a dwelling or child-occupied facility, built before 1978, and disturbs 6 sq. ft. or more of paint per room, 20 sq. ft. or more of exterior paint, or involves windows, then the requirements of ch. DHS 163 requiring Lead-Safe Renovation Training and Certification apply. Call (608) 261-6876 or go to <http://dhs.wisconsin.gov/lead/WisconsinRRPRule.htm> for details of how to be in compliance.

Wetlands Notice to Permit Applicants

You are responsible for complying with state and federal laws concerning construction near or on wetlands, lakes, and streams. Wetlands that are not associated with open water can be difficult to identify. Failure to comply may result in removal or modification of construction that violates the law or other penalties or costs. For more information, visit the Department of Natural Resources wetlands identification web page or contact a Department of Natural Resources service center. <http://dnr.wi.gov/wetlands/locating.html>

Germantown Municipal Code 14.055 Property Record Maintenance Fees.(Cr. Ord. #36-04)

The Village of Germantown Assessor's Office creates and maintains property records for all real estate parcels within the Village of Germantown in which it has jurisdiction. Pursuant to Wisconsin Statute 70.32(1), all properties that are issued building permits are field reviewed, described, and valued by "actual view". This means that each building permit requires 1) assessment personnel to initially process existing records or create new records, 2) physically review, onsite, the purpose of each building permit to document all property description additions and/or alterations, and 3) process the information gathered in the field to determine an assessed value. Every person receiving an approved building permit from the Village in which said building permit requires an employee of the Assessor's Office to physically view onsite any descriptive property change in an effort to maintain the property record shall pay a property maintenance fee commensurate with the type of building permit issued by the Village.

I expressly grant the building inspector, or the inspector's authorized agent, permission to enter the premises for which this permit is sought at all reasonable hours and for any proper purpose to inspect the work which is being done.
