

Together, Securian Financial and Empathy help support insured individuals and their beneficiaries

Empathy offers a comprehensive support system for preparing for a loss and after the loss of a loved one.

What is Empathy?

Empathy offers a holistic approach to bereavement support by providing insured individuals and beneficiaries on-demand personalized guidance and care for the administrative, emotional, legal and financial challenges both when preparing for a loss and after their loved one passes away.

Insured individuals and beneficiaries gain access to a dedicated Care Manager, who provides guidance through the emotional and practical challenges of a loss. Users receive a personalized, step-by-step Care Plan tailored to their unique situation and needs.

Grief support

Empathy provides a compassionate and understanding space where families can find support that resonates most with their personal experience of loss and preparing for a loss. Options include:

- On-demand access to the Care Team for personal guidance
- Guided meditations
- In-depth library of resources on bereavement-related topics

And in the days and weeks after loss, when grief and shock can make tasks overwhelming, additional features available include:

- A smart tool for locating and comparing trusted funeral homes and personal assistance planning a funeral
- Receive an expertly crafted obituary honoring their loved one

Logistical support

Each insured individual and beneficiary receives a personalized Care Plan tailored to their individual needs. A wide variety of tools and support enables them to:

- Identify and manage all benefits the family may be eligible for
- Close accounts and cancel subscriptions
- Store key documents in a secure digital document vault
- Navigate probate and settle the estate with state-specific support

Empathy is provided at no additional cost to eligible insured individuals and their beneficiaries.
